**We hope everyone has a GREAT summer !**

Sincerely,

Summer is finally here and there is no better time to give our office a visit! This month, we are welcoming new interns, introducing new ways to stay connected with our office, and announcing new contests!

### Happy Smiles Interns

If you have come in for a visit recently, you may have noticed two new faces to our dental family! Dexter Yee and Angeline Salvani, recent graduates from U.C. Berkeley, are our newest Happy Smiles interns. They are both interested in pursuing a career in dentistry and we will do our best to prepare them for their path. If you see them around, please give them a friendly "hello"! They will be replacing Heather Dinh and Karen Mei, our previous interns who are now going to dental school. In a few months, Heather will be attending University of California, San Francisco while Karen will be attending Western University of Health Sciences. Congratulations! We wish both them the best of luck and know that they are well on their way to becoming wonderful dentists!
