

A decorative border of various jack-o'-lantern faces surrounds the entire page. The faces have different expressions, some smiling, some scary, and some neutral.

DR. NICK'S HALLOWEEN CANDY BUYBACK 2017

The Halloween Candy Buyback is here!

It is a chance to give back this Halloween season and teach your kids how to moderate their intake of sugar and sweets. During trick-or-treating, children often collect much more candy than is good for them, so Dr. Nick has decided to buy back your child's candy! In addition to learning the importance of preserving their bright, healthy smiles, Dr. Nick will also be donating the candy to a local non-profit organization. It's an event we can all be proud of!

If you wish to participate, come to our office on Wednesday, November 1st from 8:00 am to 5:00 pm or Thursday, November 2nd from 8:00am to 5:00pm and the doctor will buy back your child's candy at **\$1 gold coin per pound of candy!**

Tell your friends about this great opportunity! You do not need to be a patient of Dr. Nick to participate!
